

CSR Programmes (Children)

Angel Clay Workshop

Angel clay has been enjoyed by many of the children from the underprivileged group. There is always something new for them each time they get their hands in moulding their master-piece creation.

Have a bonding session with these children as part of your company's CSR initiatives. Mingle with them as you work alongside with the children to help create their artwork.

We have over 500 children from the low income family group across 6 centres where we can connect them to your company, or you can also adopt your own charitable group for this workshop

*Workshop theme available
for different occasions*

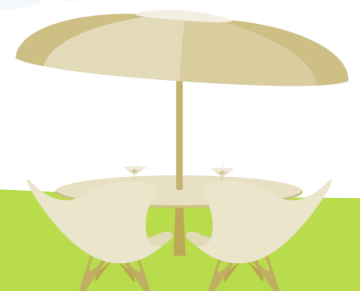

Christmas Season

Recommended themes :

- Christmas Season
- Lunar New Year

Lunar New Year

Snow Play session

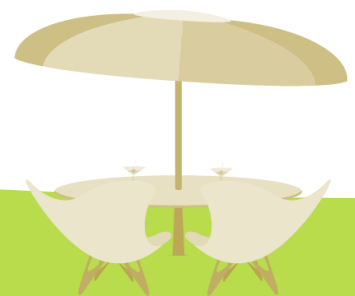

All Children loves Snow Play !!

They can never get enough of it every single session

Include Snow play session for the children and they can have fun before or after the workshop.

The workshop and snow play will be located in the same venue.

Angel Clay Workshop
